GET IT ON GOOGLE PLAY DOWNLOAD ON THE APP STORE

Points to be noted:

- Some links not active yet
- Automatic log out when clicked on any links at bottom of the page

Through Phone Login:

The screenshot shows a web browser window with the URL `rojgarmantra.com/#/employer/job-list`. The page content includes a 'Post New Job' button and an 'Account Utilization' table with the following data:

Account Utilization	
No. of Login IDs	0/1
Job Posting Usage	0/20

A white error pop-up with the text `[object Object]` and an 'Ok' button is overlaid on the page. A 'Save password?' dialog box is also visible on the right side of the browser window, showing a 'Save in your Google Account' dropdown, a 'Username' field with the value '6267021912', and a 'Password' field with the value '3'. The dialog box has 'Save' and 'Never' buttons.

Points to be noted:

- Unwanted pop up when logged in through phone no.
- Any one no. of OTP is saved as password, hence automatically that no. is filled for next OTP login.
- Wrong OTP Message not shown
- Same phone no. can be taken for registration of both employer and candidate but while logging in for candidate with that no., employer profile is opening.
- Different kind of page is opening through phone no. login. Also no log out option (Video attached for reference)
