• Certification from CFEES	

Educational Qualifications

Course	Institute/University	Year
• Certificate Program in Business Management	IIM Shillong	2022-23
• PG Diploma in Aeronautical Engineering	VTU	2014
• B.Tech in Chemical Engineering	NIT Bhopal	2007-11
• HSC	CBSE	2004

Work Experience

Project Manager

- **Identified, assessed and managed project risks**, assumptions, issues and dependencies while leading intensive reconnaissance project in active field area in northern sector. Ensured project dependencies and assumptions are factored into the planning process with Army and other Civil Administration Entities. Leading to smooth and successful completion of the project
- **Developed business case** for the infrastructure project worth Rs 2 Crores, while taking into account information on **benefits, costs, risks and timescales**. Built up the team of 25 professionals to ensure aesthetic and values in the project, as desired by higher management.
- Demonstrated an understanding of planning and professional competence while showing courage and dedication with team of 4+10 personnel. Successfully completed the difficult task within record time (3-4 hours) thorough **analysis, planning and risk assessment**.
- Gathered the requirements pertaining to setup and administration of unit in different location with team of 6 professionals and **analyzed it to plan the deployment**. Applied professional expertise to achieve desired conditions (earthing values). Ensured **meeting users requirements** and optimal user satisfaction.

- Spearheaded high risk project in adverse conditions while leading a team of 4 EOD professionals. Assessed and analyzed the complete area and took **data driven decisions** to deploy resources of manpower and equipment **for maximum ROI and high efficacy**, resulting in achieving desired results.
- Utilized the experience and learning from live projects and developed **detailed and modern training plan** for 400 professionals while understanding the business requirements. Ensured demonstration and simulation of various scenarios to **inculcate required skills** in the team.
- **As officer In charge of salvage sections, drafted the disposal plan of inventory which was occupying crucial storage space.** Ensured value for each penny spent by setting up governance framework, market research and end to end involvement while **taking ownership** of the project.
- Created and maintained a resource demand profile for projects /Operations as part of planning and monitoring activities while heading procurement. Set up **governance framework** for procurement/ provisioning of life saving assets and **monitored quality** while dealing with M/S BEL for provisioning worth Rs 150 crores.

Senior Operations & Strategy Manager

- Demonstrated professionalism **beyond call of duty** and was made responsible for the overall performance and operational delivery of critical asset with a team of 10 professionals. **Analyzed process flow and defects** to review trends and took initiatives to ensure delivery within record time (5 working days).
- Earmarked **best practices** and developed **SOPs** around them to ensure excellence in all activities. This helped in achieving OEM level tasks at unit level resulting in optimization of timelines and cost by 95%.
- Headed the Production, Planning and Material control section of the base. Drafted annual plans, **designed KPI/ KRAs**, monitored progress, forecasted and projected the reports to higher management for decision making. Coordinated with multiple stakeholders for smooth functioning and execution of plan. Ensured **TAF** close to 0.9.
- Led operations of CSD venture with annual turnover of around Rs 6-7 Crores. Devised processes to facilitate **high standard of services** to the customer and observed the sales pattern for accurate provisioning of goods resulting in increase in annual turnover by 70%.
- Demonstrated **strong analytical approach** in planning the mobilization of 150 personnel and 6 mission critical assets worth Rs 60 crores while ensuring maximum safety for manpower and equipment. Collaborated with various external stakeholders (Army, CRPF, civil police) to avail resources and support for smooth operations.

Key Skills

• Operations Management	• Planning and Coordination
• Project Management	• Strategy and execution
• Attention to Detail	• Organization skills
• Persistence	• Instructor
• Collaboration and Negotiation	• Leadership and Teambuilding
• Interpersonal skills	• Communication and conflict management

Achievements

- **Sainya Seva Medal** for serving in Modified Field Area (MFA)
- **Special Service Medal** for serving in CI Ops area for 2years
- **Gold Medal** in Swimming in Air Force Academy
